Please note that this is a potential plan for completing your degree within four years. The order of the classes does not necessarily need to be followed exactly as written.

Remember that you must complete ECON200 or ECON201, BMGT220, BMGT 230 or BMGT231, and MATH220 or MATH140 by the end of the semester in which you reach 45 credits (Advanced Placement credits excluded).

Students who do not place into MATH140 for their first semester will need to plan ahead meet the Satisfactory progress requirements. Consult with your advisor.
